EXPERIENCE

Introduction to Git and GitHub, Microsoft Teams — Organiser

SEPTEMBER 2020

Organized and Hosted an event on behalf of the Microsoft Student Ambassador Program to make Students aware of Open Source Softwares and how version control systems can work with GitHub.

Password-Store, [GitHub](#) — C++, Python

JULY 2020

Created Password-Store, which can encrypt your Credentials(Site, Username, Password) with AES256-CBC Encryption in two files.

- Decreased Computing time response by 20% by implementing threads.

Java-Executor, GitHub — *Batch, Shell, Python*

JULY 2020

Created and developed two projects of Batch and Shell Script for [Windows](#) and [Linux](#) respectively.

- Java-Executor for Windows can work as Notepad++ ([plugin](#)).

SKILLS

Git

Networking

Football

Linux

PowerPoint Presentations

LEADERSHIP and AWARDS

Microsoft Student Ambassadors

2020-2021

Learn Student Ambassadors are a global group of campus leaders who are eager to help fellow students, create robust tech communities and develop technical, and career skills for the future.

Samarth Foundation

August 2019

Co-Leader of a small group of 7 people, we used to clean the bank of Ganga River on Saturday and Sunday evening.
